*Answer, fully and completely, all applicable sections. Your answers should be your best estimate based upon your medical knowledge, experience, and examination of the patient. Be as specific as you can; terms such as "unknown or indeterminate" may not be sufficient to determine if Sick Pool criteria is met. **Please be sure to sign this form.***

**Definitions: Sick Leave Pool (Catastrophic Illness or Injury) or Sick Leave Donation (Serious Health Condition)**

1. A **catastrophic illness or injury**, is a severe condition or combination of conditions affecting the mental or physical health of the employee or the employee's immediate family that requires the services of a licensed practitioner for a prolonged period of time.

A "severe condition or combination of conditions" is one that:

- a. Will result in death or is a severely debilitating condition that will result in the individual not meeting the essential functions of their job if not treated promptly or at regularly scheduled intervals (e.g. chemotherapy treatments, radiation treatments, etc.); or
- b. Has been designated as terminal; or
- c. Will require an absence from work for at least 45 continuous calendar days.

*Conditions eligible for Sick Leave Pool must be considered a catastrophic illness. For purposes of Sick Leave Pool, pregnancy and elective surgery are not considered catastrophic conditions, except when life-threatening complications arise from them.*

3. The **Genetic Information Nondiscrimination Act of 2008 (GINA)** prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. "Genetic Information" as defined by GINA includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.
