As it relates to the coronavirus (COVID-19) threat, the University of North Texas System and its member institutions are committed to the well-being and safety of our students, faculty and staff.

In responsibly planning the immediate future, UNT System leadership teams have spent significant hours preparing to safely begin reopening aspects of our campuses and office facilities. A cross-
institutional team of experts from all UNTS institutions and system headquarters worked with the Chancellor and Presidents to create an initial list of system-wide guidelines that may be accessed by clicking the icons above, or by visiting UNTSystem.edu/COVID_19.

Please note that these guidelines, applicable to all UNTS member institutions and system administration, will be updated regularly as circumstances evolve related to the COVID-19 pandemic. For information specific to a UNT System institution, please visit the COVID-19 web sites for UNT, UNT Health Science Center and UNT Dallas.
