An internal medicine pharmacist by training, Meredith has worked at the HSC since 2015. As a faculty member in the College of Pharmacy, she teaches throughout the curriculum and oversees the acute care portions of the experiential curriculum. But that only scratches the surface of who she is and how she spends her time, like, oh, training for an Ironman or turning her garage into a personal Jiffy Lube. Grease monkey not really your thing? OK, Meredith transitions to Martha Stewart-esque home-and-garden DIY expert specializing in canning and baking bread (hint: come holiday season, you might want to talk to this New England native about some delicious gift ideas -- and maybe changing your oil?). So, get to know Meredith.
