The employee portal can be accessed through the PeopleAdmin System by clicking on the three dots in the top left corner of the page and then selecting “UNT System Employee Portal”
The Home screen displays a list of items that require action. This includes tasks related to a supervisor’s own evaluation and tasks related to the employees supervised.
The supervisor can choose to view their own historical evaluations or the status of their employees reviews by either selecting Performance at the top of the page or selecting the “My Reviews’ or “My Employees’ Reviews” on the left side of the page.

The “Go to UNT System HR Site” link takes the user out of the employee portal and back to the Applicant Tracking System or Position Management module.
Progress notes allow both the employee and supervisor to document achievements or kudos throughout the year as well as during the evaluation process.

To add a progress note, click the “Progress Notes” link at the top of the page, then click “Create Progress Note” on the right side of the page. A “New Progress Note” box will appear. Fill in the information and add supporting documents by clicking the “Attachments”.

Please note the option to share progress notes with the employee or supervisor. Select “create” when complete.
Steps for Dallas Performance Evaluations

1. Supervisor Creates Plan - enters goals, reviews job duties
2. Employee Acknowledges Plan – reviews plan and acknowledges
3. Employee Self Evaluation – employees rates self
4. Supervisor Evaluation – supervisor rates employee
5. Supervisor Meets with Employee – supervisor indicates in-person review has occurred
6. Employee Acknowledges Evaluation - employee acknowledges receipt of review materials and score
Step 1: Once logged in to the employee portal, a Supervisor can create and/or access reviews for all employees in their area of responsibility by selecting the link with the employee’s name.
The supervisor can also access and view the status of their employees evaluations by clicking “My Employee Reviews” on the left side of the page. To begin the evaluation, click on each employee’s name and create a plan. Notice the column labeled “Progress”. The progress steps change color when you go through each step. The color key is across the top bar.

*Please note that the disputed tab is not for use*
The Supervisor is now able to create a plan for the employee name previously selected. Click “Supervisor Creates Plan” to start the process. Notice the plan year details on the right and the employee details on the left.
The Supervisor enters goal(s) or Objective(s) for each section listed. Examples are included for non-supervisors and supervisors. Click “Save as Draft” or “Complete” by clicking the buttons at the bottom of the screen. The Plan will be marked as complete and the employee will access the plan for review and acknowledgement.
Step 2: The employee logs in to PeopleAdmin/Performance Management to review the plan that the Supervisor created. To initiate this step, the employee clicks the “Employee Acknowledges Plan” link.

After reviewing the plan, the employee clicks on the “Acknowledge” button at the bottom of the screen.
Step 3: The employee prepares a self evaluation. Employees are notified by email of the due date. To start the self evaluation process, click the Self Evaluation link, complete the required fields and then click “Complete”.

The employee will complete the required fields, including selecting a rating and adding a comment below and then click complete.
Supervisor Evaluation

Step 4: The Supervisor evaluates the employee based on specific goals or objectives entered previously. Supervisors are notified via email of the due date. To initiate the supervisor evaluation, click on the Supervisor Evaluation link.
The supervisor can request performance feedback from other UNT World employees by selecting “Multi-rater Feedback” and clicking “+Invite Multi-rater”.

Select the desired employee, click the check box next to their name and click “Save”. Multiple Multi-raters may be selected.

The Multi-rater will receive an email notifying them of the request, and they can access the multi-rater form through their performance portal Home page. Once feedback has been provided in the Comments section, the multi-rater will click “Complete”.

The Multi-rater Feedback form allows for additional reviewers to be added, with options to add attachments and a comments section for feedback.
The supervisor can add a Co-reviewer during the evaluation process. Note that only one person can submit the supervisor evaluation by clicking complete. Otherwise, save as draft and the co-reviewer will be notified that there is a pending action item for them to complete. The supervisor or co-reviewer may also add attachments by selecting the attachment link.
The supervisor or co-reviewer will insert comments on each specific goal or objective, reflecting overall performance. At the bottom of the page, the supervisor will select the overall performance rating for the review period and select complete when all actions have been completed.
Step 5: The supervisor will schedule a time to meet with the employee and review the supervisor evaluation. If the overall evaluation score is Unsatisfactory, the supervisor will need to consult with Campus HR before meeting with the employee. To initiate this step, the supervisor will click on the “Supervisor Meets with Employee link” and will select complete once the review is complete. Notice that the overall rating is visible on the right side of the page.
Step 6: The employee will select the “Employee Acknowledges Evaluation” link to initiate the last step of the evaluation process. After reviewing the results and comments, the employee will select Acknowledge on the bottom of the page to complete the evaluation.

The employee can print the evaluation by selecting “Print” on the “Employee Acknowledges Evaluation Page.”
