Navigation (cont.)

The supervisor can choose to view their own review(s) or the status of their employees' reviews by selecting “Performance” at the top of the page or by selecting the “My Reviews” or “My Employees’ Reviews” on the left side of the page.

The “Go to UNT System HR Site” link takes the user back to PeopleAdmin.
Page Instructions

Each page in the Performance Management System contains an Instructions section that provides important navigation and other guidance for completing the steps of the evaluation process.
The supervisor can add a co-reviewer during the evaluation process. Co-Reviewer can be utilized if another reviewer should have full feedback capabilities to the employee’s evaluation. The co-reviewer has the same ability to perform all the same steps as the supervisor. This might be used for someone who has a split reporting relationship or someone who recently transferred to a new job during the last year. The supervisor and co-reviewer will need to discuss who will be responsible for completion and submission of the evaluation steps. Note that only one person can submit the supervisor evaluation by clicking “Complete”. Otherwise, save as draft and the co-reviewer can access the evaluation document to review and provide feedback. The supervisor or co-reviewer may also add attachments by selecting the attachment link.

Note: Multi-rater will not be used for Mid-Year Assessments
Progress notes allow both the employee and supervisor to document achievements, kudos or coaching meetings throughout the year as well as during the evaluation process.

It is highly encouraged that supervisors add progress notes detailing performance conversations. Notes should include a brief overview of the progress the individual has made towards their goals.

To add a progress note, click the “Progress Notes” link at the top of the page, then click “Create Progress Note” on the right side of the page. A “New Progress Note” box will appear. Fill in the information and add supporting documents (if desired) by clicking “Attachments”.

There is an option to share progress notes with the employee or supervisor. Select “create” when complete.
Beginning the Mid-Year Assessment

Going to “Home”, a Supervisor can create and/or access reviews for all employees in their area of responsibility by selecting the link with the employee’s name. Search by name and click on the action item listed for that employee.
Mid-Year Assessment Template

• The supervisor or co-reviewer will insert comments in each section of the mid-year template. When completing the mid-year assessment supervisors are encouraged to communicate with employees to gather accomplishments to document in the accomplishments section of the form.
Adding Attachments

Click the Attachments link to upload emails, documents, etc. that are relevant to performance. Attachments are accessible to the employee and should be relevant to performance.

Employee Acknowledges Evaluation

The employee can sign in to the Performance Module where they can view their Action Items, My Reviews and Progress Notes. The employee will click their action item, review the mid-year results and comments and click “Acknowledge” on the bottom of the page to acknowledge receipt of the feedback.
The dashboard provides an at-a-glance view of the evaluation process status. As steps are completed they change to green. View tabs for In Process, Complete or Overdue. The Disputed tab is not utilized for UNT performance.

The Advanced button allows 2nd level supervisors to drill down to view their entire organization.
